

PASSIVE LED WIRING

CN2: Connector for wiring insertion contacts

CK: Common

1: Contact 1

2: Contact 2

3: Contact 3

4: Contact 4

CN3: Led light connector

1: Output 1 (orange)

2: Output 2 (yellow)

3: Output 3 (green)

4: Output 4 (blue)

12V: 12V (red)

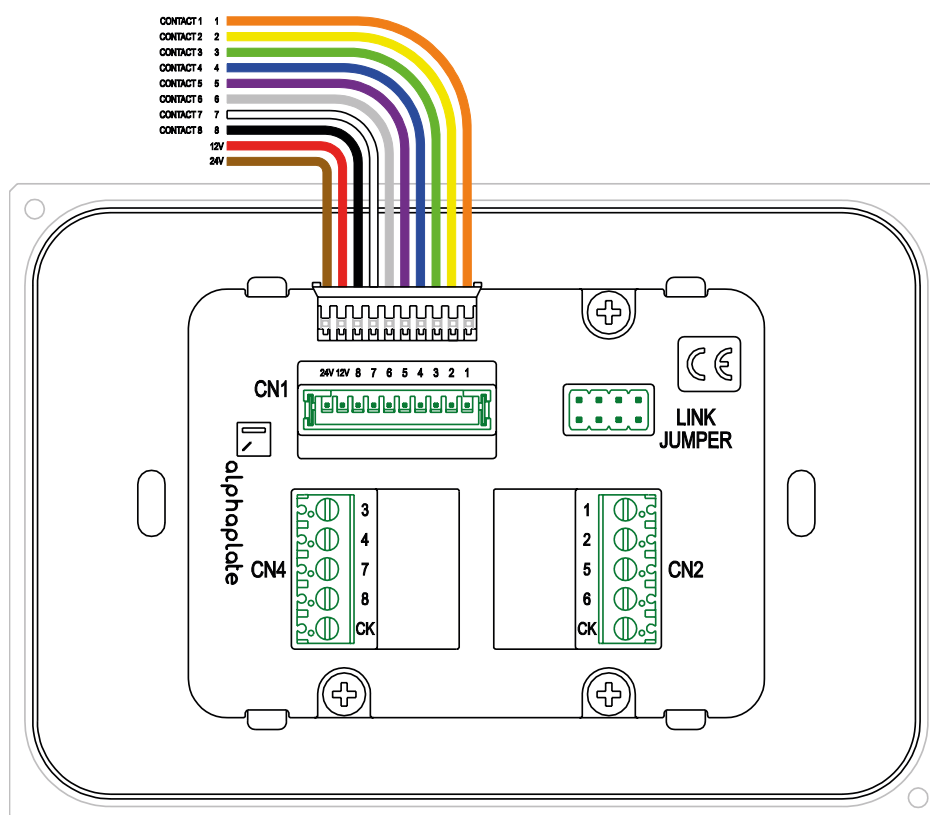

24V: 24V (brown)

LINK JUMPER:

The jumper position reflects the position of the buttons. In the case of using rectangular buttons, insert a jumper in the corresponding pins so as to standardize the button pressing.
